CAMP TUCKER, San Pablo Canyon, April 21.—(By Wireless)—The entire Battalion of Union High School cadets marched into camp at 1:30 and after obeying the command to stack arms partook of sandwiches and lemonade which the army cook and his three cadet assistants, who arrived here with the advance Standard Oil truck carrying the entire equipment, had provided for the marching party. Immediately after the improvised

luncheon was served, camp was pitched, four company stoves being established, each company to a street. Cadet staff headquarters are quartered at the headquarters tent and the camp mess tent containing the kitchen and cooking utensils, has been erected. The entire camp is pitched near a creek, the parade grounds being ideally situated at the foot of the camp. A 100 yard and 200 yard target range will be

THIEF BORES THREE HOLES STORE DOOR OF BEN MALIK

But for the vigilance of the members of the police department, it is very likely that the entire stock of goods of B. Malik at 611 Macdonald avenue would have been carried away at an early hour Thursday morning. In making the rounds of the rear of the business houses, the police found that some one had bored three holes in the back door of the store, with the plan in mind of cutting an opening large enough so that a hand could be slipped through and the key on the inside turned. It is very likely that the thief was disturbed while at his work.

J. O. Dahl Assured Support Members of Building Trades

At a largely attended meeting of the Contra Costa Building Trades Council held last evening, J. O. Dahl, secretary of the council, and candidate for city councilman was called on to address that body, and he was assured of the support of the affiliated membership of the organization. Business agent C. R. Beatty reported that general conditions were good, although work in the building line had not resumed activity. It was reported that the work of erecting the new theater had started and that union labor was being employed. It is expected that local labor will be used on the job as much as possible. Several building contracts have been awarded lately and it is expected that there will be plenty of work soon. A number of communications of minor importance were read and acted upon.

Soft Shirt Dance Olive Homestead Draws Big Crowd

The Olive Homestead, Order of Yeomen Soft Shirt dance at K. P. hall last night drew a gathering that taxed the spacious dance floor to capacity, and gave a sum was realized for the social fund for which the dance was given. Jack Crow's orchestra provided the musical jazz without which no present day dance fills the bill. Mrs. H. Cooley acted as dance committee chairman, which included the following: Mr. and Mrs. Al Jensen, Mrs. M. Thomas, Mrs. E. Wagner, Mr. and Mrs. J. L. Miller, and Mr. C. C. Hallows. Tonight a delegation of the lodge will visit Oakland Homestead of Yeomen. Next month will be ladies month and they will confer the degree. The men will serve the refreshments.

Final Dance of Social Assembly Proves Big Success

Last night's final dance of the Social Assembly season at the Richmond club, exceeded the enthusiastic expectations of the club's sponsors who crowded the beautifully decorated dance floor. A most enjoyable evening took on a carnival spirit among the blossoms, butterfly and green decorations, which served as an inspiring background for the merry-making couples. Delightful dance music lead by Irving Perkins supplied the inspiration for the terepichorean lovers who voted the evening's social offering a worthy tribute to the charming hostesses who worked so hard to make the evening a success. Elegant punch and fancy cakes were served. Among those who shared the merriment of the affair were: Mr. and Mrs. E. Scofield, Mr. and Mrs. G. Hallon, Mr. and Mrs. R. Osborne, Mr. C. Troy, Mr. and Mrs. F. Gordon, Mr. and Mrs. J. P. Cassidy, Mr. and Mrs. H. Flint, Mr. and Mrs. H. Ivon, Mr. and Mrs. G. Brooks, Mr. and Mrs. F. Le Moine, Mr. and Mrs. T. M. Carlson, Dr. and Mrs. C. Rut Established by Walter Mead at Boys Encampment

(Special to the Record-Herald) CAMP TUCKER, San Pablo Canyon.—The sign of the Red Triangle has established a hut here under the supervision of secretary Walter Mead. To make the cadets forget the rigidity of their camp discipline, Mead has brought an Edison diamond disc phonograph and a few popular selections direct from Broadway. "I've got my captain working for me now" seems to be the favorite with the kitchen police, and while the cadets were out looking at the eclipse tonight, there were requests for "See Old Man Moon Smile" which was promptly "put on" the talking machine.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

HOMES MUST BE BUILT

Some solution must be found for the present terrible dearth of homes and housing facilities. The large cities are suffering most, but even the smaller towns are away short of homes and houses, with the result that people are huddled together like tribes of Indians in tents, and the conditions are not only unsanitary but are anything but conducive to morality and the best interests of Americanism. People in the big cities are a lot of cliff dwellers and have lost pretty much all idea of what a real home is. Children should have a lawn to romp and play on, and there should be flowers, and trees and a garden, and the home place should be far enough away from other habitation so that one cannot smell it every time the other has boiled cabbage or bacon and fried onions. The women now have a dinky little kitchenette and a can opener, and the man has a diver and some Bull Durham and papers, and that is the extent either knows or cares about home. Home is the grandest word in the English language, or any other language, and unless our people sing Home, Sweet Home, a little more and kick a piano with their feet, a little less the next generation will be degenerate, both physically and mentally.

Rents ought to come down, but can't as long as the price of building material, including labor, is what it is. There is no money building houses to rent at present prices of everything that goes into the construction. New York has a new law which exempts new home places from taxation for a number of years, and that would be a good plan for all the states to pattern after until present conditions are remedied. These days, if a man builds a new home, instead of being penalized with taxes he ought to be encouraged in every possible manner.

I asked a man whom I knew
Whose expression was heliotrope blue,
"Oh, why the wry face?"
"It's not the rye—not a trace;
It's a look I achieve from home brew."

The way to acquire the brains of a Webster, a Lincoln or a Lloyd George is to give what you have enough exercise so they will develop.

Nearly \$700,000,000 was turned into the treasury as income tax, much more than was expected. Ah, we are not so badly hurt! Most of us are just scared along with it?

A navy balloonist, it appears, not only has opportunity to see much of the world but also runs a strong chance of getting a view of the hereafter.

Luke McLuke, a paragrapher of Cincinnati, says that only young men understand women—young men between the ages of six months and two years. Guess that's about right.

Napoleon was a great man, but he went crazy over militarism. So did William of Germany. So will anybody who carries it to extreme. Militarism is dangerous.

After either a man or a woman has been married three or four times they ought to take a lay-off, and anybody fool enough to marry them some more is going to have more troubles than the pup with a flea right on the end of his stub tail where he can't get at it.

"Polly With a Past" the Attraction at the Theater Today

The Claire, the Belasco stage star, will be seen in pictures today and tomorrow at the Richmond T. & D. theater in "Polly With a Past." Adapted by Jane Maffis from the theatrical success by George Middleton and Guy Bolton.

It was this play which brought Miss Claire, for nearly a year now engaged in enacting the principal role in "The Gold Diggers," at the Lyceum theater, New York, to stardom. The story has to do with a young girl, come from the country to study for the operatic stage but forced by circumstances finally to be a housemaid. There the friends of Rex Van Zile, in an effort to interest that impressionable young man from another woman they detect, prevail upon Polly Sharon to as-

sume a part of an interestingly brilliant hue. And there properly—or perhaps improperly—the story really begins.

In support of Miss Claire are Ralph Graves as Rex; Marie Wainwright, Harry Benham, Clifton Webb, Louisa Valentine and Myra Brooks. The production, directed and supervised personally by Maxwell Karger, Metro director general, was photographed by Arthur Martinelli.

Other features of the bill will be a Moonshine comedy, Ford news and Select news.

ROYALTY A HOLLOW SHAM

No matter how much we may dispise the ex-kaiser of Germany, we cannot help but feel sorry, if we have a heart at all, for the poor woman who has recently been touched by the icy finger of death. Born in exile, Victoria Augustina, died in exile, a heart-broken princess who gave up the simple life she loved to share a throne with a man who turned out to be the greatest despot of a century. Life played a cruel jest on this gentle woman. Always she loved the most simple forms of life and detested the hollow shams of aristocracy. But through the machinations of monarchs, who ruin lives as they ruin empires, she was given in marriage to the pompous and bombastic Prince William of Prussia, later on the kaiser. A lover of home life and children she was forced to share in the delectful show of the Prussian court. The sham of it all chilled her heart, and then the war with its terrible slaughter added to her sorrows. At last, hopelessness, defeat, disgrace and flight into Holland an exile. Death brought peace to her tortured soul. There is a lesson in all this, if we but study it and give it thought. There is nothing to royalty. It is anything but royal, and so-called aristocracy is but snobocracy. God never intended there should be anything of the sort—it is a creation of man, born of avarice and base passions, and devoid of all that is holy and grand in the sight of He who chose to be not a monarch but a kind and loving father.

Nearly all the cemeteries are half full of people who intended to do much better next year than they did the year before, but they put it off too long.

Since the government must raise something like four billion dollars for expenses and to pay on war debts, why should it not levy a good strong tax on every candidate for an office? That ought to raise an awful sum, judging by their number.

Water Company

Heads say Work on Dam to Start

Manager George Wilhelm of the East Bay Water Company announces that Bates and Boreland contractors on the big San Pablo Valley dam project will hasten the completion of the job figuring to have the work completed within three months.

The San Pablo valley county highway will thus result, it being anticipated that the route will be opened by fall. On account of the fill, the paving on top of the dam will not be laid, the road only being temporary, but the valley paving will be completed in time for the roads' use. County Engineer Ralph Arnold concurred with the statements of Wilhelm.

Upper valley residents recently protested against further delay in plans for the opening of the road.

DOC'S

By W. L. Doc Morris

Chubby Pat McDonough had his All-Standards out for a bristling workout yesterday afternoon and quite a few of the diamond bugs were on hand to give Pat's crew of apple crashers the critical stare. Pat trotted out a quartette of new tossers in W. Hoover, short stop; Al Sommers, keystone sacker; Radke, catcher, and Frank Reagan, utility infielder.

Old Sol was smiling down on the players, which made it ideal conditioning weather, and Pat had to caution his gang to save their pep for another day. Much is expected of Hoover, who is said to be a nifty punter. Al Sommers looked good in his one appearance here last year in a Richmond Elks' game, and he comes here with a glossy reputation. Little is known of Reagan, a former Santa Clara college man who displays promising form.

A couple of hawk-eyed individuals in the grandstands were classified by Pat as two Chick Autrey and Brick Devereaux spies out to look 'em over. Pat pointed out that no "rival clubs with kewpie intellects

could put anything over on him on a ball field" and let it go at that. An assertion that he "could take a bird like this Autrey and run him ragged on a ball park, for money, marbles or a chew of tobacco," also trickled from the All-Standard leader. To the untitled, it must be explained that Patrick is inclined to chubbiness, and his words were evidently to belie any rumored impression that his heft interfered with his speed.

Then again, perhaps it was another way of expressing contempt for a rival club leader. One of circulation manager Anderson's Record-Herald carrier wizards took up the cudgel in behalf of Chick, so it can be truthfully chronicled that the refinery team captain has an army of boosters.

To settle the dispute of speed between the rivals for Twilight League honors, it may not be a bad idea for President French to stage a sprinting match between them for opening day.

Word reached Twilight League headquarters from Charley Freine who is in Los Angeles on a vacation. Charley writes that the weather down there is just right and he is out for a little warm up every morning with the Seals who tangle with Vernon in this week's Coast League series.

Charley, who pitches and can hold down any spot on a ball club, behind the log excepted, says that he will be back for work Monday. He will be seen with the All-Standards.

Hot Water Each Morning
Puts Roses in Your Cheeks

To look one's best and feel one's best, it is to enjoy an inside bath each morning. Girls and women with yellow skin, day's waste, sour fermentations and poisons which are then sucked into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clear and clear, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, moistening and purifying the entire

alimentary tract, before putting more food into the stomach.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a warm man for the California Food Specialties Co.

Driving of Piles on Warehouse is to Be Rushed

Driving of piles on the new warehouse on municipal wharf No. 1 will commence as soon as the excavation work for the foundation is completed within the next few days. Excavating contractor Matthew Morton, by arrangements with the piling contractors, received the word to complete the excavating work before the piles were to be driven. The pile driving contract will be in the hands of Hannah Brothers who will within a few days, commence delivery of piles. The pile driver is within a short distance of Richmond and can be brought here on short notice.

Barring unforeseen delays, the job

will be completed within the next five or six weeks. The city will let contracts for the superstructure, which is to cover between 300 and 400 feet, upon the completion of the floor and foundation work.

STREETS OF CITY OF EL CERRITO ARE TO BE CLEARED OF WEEDS

At the meeting of the trustees of the City of El Cerrito held last evening, all members of the board were present.

The application of C. F. Bellett for a bridge across Gladys avenue was referred to the street committee.

A letter was received from State Senator Sharkey in which he stated that assembly bill No. 1285 had been defeated in the assembly.

The communication from O. H. Mattley, asking concerning an aviation landing in El Cerrito was filed. Street superintendent A. H. Mackinnon reported that the electric light company had received the goose necks for the street lights, and they would be installed in a short time.

On the recommendation of the street committee gravel screenings to cost \$285 are to be purchased and placed on Union, Curtis, Lexington and Waldo streets.

City attorney H. J. Wildgrube was instructed to prepare a resolution calling for plans and specifications

for the construction of concrete culverts at Central and Liberty, and on Lincoln between Richmond and Everett.

On the suggestion of George W. Adams, the ordinance relating to the clearing of the parking places along sidewalks, of weeds was read, and after this was done, Adams stated to the board that it was his opinion that the ordinance be enforced.

The members of the board agreed with Mr. Adams and notices are to be sent to all property owners, ordering that the work be done at once.

The matter of having crossing signals installed by the Santa Fe railroad will be taken up with the company.

The fact that a number of shacks are being erected in different parts of the city was brought to the attention of the trustees by Trustee Peter Larsen, and he suggested the need of the adoption of a building ordinance.

Progressive Taxpayers Club Is Opposed to Street Work

The Progressive Taxpayers League of El Cerrito are active in their opposition to the improvement of streets in that city.

It is reported that in the case of those who reside outside of the city, the affidavits are being sent out for the parties to sign and return, in which protests are to be made against the work proceeding.

A short time ago a blanket petition was presented to the trustees, which was signed by parties in different sections of the city, making a protest against street work on streets where they had no property and would bear no part of the expense.

Petitions from property owners, asking that streets be placed in first class condition have been general this year, the residents evidently realizing that good streets will be the result of a great increase in the population of the city, through attracting outsiders to purchase property there and erect homes.

Celebration of Dexter-Evans Wedding Yesterday

Miss Francis Dexter, daughter of Mr. and Mrs. F. A. Dexter, 1212 Barrett avenue, was yesterday afternoon married at the home of her

parents, to Leonard S. Evans, son of Mr. and Mrs. C. B. Evans, 329 Fifth street, pioneer residents of Richmond. Rev. Blake Hadlow, rector of the Trinity Episcopal church performed the ceremony, using the impressive Episcopalian ceremonial.

The wedding scene was prettily appointed, a decorative scheme of pink and white harmonizing with the wedding costume worn by the bride. The couple stood under a floral bell of white and pink sweet peas intermixed with ferns. The bride wore a natty sport suit of white and blue and presented a most charming picture.

An elegant banquet was served, prior to the departure of the couple on a honeymoon. They will reside at the Vager apartments on their return.

The couple have a host of friends in Richmond who will wish them a prosperous and happy life's journey.

Among those who arrived for the wedding from out of town, were Mr. and Mrs. Charles Peek, of Gilroy, Mr. and Mrs. Lloyd Evans of San Francisco and Mr. and Mrs. F. L. Bones, of San Francisco.

Large Shipment Dodge Bros. Cars Received by Strom

No sooner had J. P. Strom, the well known agent of Dodge Brothers automobiles, unloaded two carloads of automobiles yesterday and got them down to his salesrooms at Thirteenth and Macdonald, than the inquiry for cars started, and the day did not end before a sale was made.

H. Raffe of Dartmouth Street, Albany purchased a new touring car, and proudly drove it to his home last evening.

It is the opinion of J. P. Strom that the auto season this year will soon be good, and as there was a let down for a time in the number of cars that were being manufactured,

the dealers advice is to get an auto now, as there is bound to be a shortage.

Strom personally, and Strom's service is back of every auto that he sells, and he makes good on every promise that he makes.

Beauty Spots in Yosemite Open to the Visitor

Roads and trails in the Yosemite are opening up so fast that many fine trips to the Big Trees and other beauty spots are available to visitors earlier than ever before. Delightful tours of the park can now be made over a granite highway as smooth as a boulevard. Reports of rough roads outside the park should not confuse the visitor as to Yosemite roads, which are in excellent condition. For those whose outing time is limited to one day special schedules have been arranged to permit them to see the Big Trees the afternoon of their arrival, both the Mariposa and Merced groves being accessible now.
